

M3-03B-57UV, 3D Half ball 50cm

Product composition:

The products are made from high quality EPDM and polyurethane binder.

Colours:

Different colours
Colour stability – colour may fade and change due to UV(up to level 3 on gray scale)

Note:

The binder (Casco XtremeFix) and granulate for surrounding are not a part of the product.

Product safety:

Certified according to EN1176-1:2017
Certified safety surface by HIC is not required due to the height of the element up to 600mm
Safety area of 1500mm around the product.

Installation:

The required stability of 3D components is secured by sticking to a stable foundation or the bumb has to be installed with a metal anchor (galvanized pole 75cm long) - mostly used for the sloping surfaces. Its described in TDS of metal anchor.

3D graphics may create clusters composed of several individual 3D components (jump from one component to another one).

Installation time 30min	Pieces 1pc	Number of installers	Weight 27kg	Amount of glue 0,7kg	Safety zone 1,5m	Dimensions 25cm x 50cm
